PARTNERING TO PROTECT COMMUNITIES

The **MCSC Rescu app** delivers real-time, police-verified missing persons alerts directly to your phone during investigations in your area.

Each year, tens of thousands of people are reported missing across Canada, yet fewer than 1% of missing children cases qualify for an AMBER Alert.

Recognized by the RCMP and the Canadian Association of Chiefs of Police, the **MCSC Rescu app** delivers real-time alerts that help connect communities and police when every moment counts. The platform is deployed across City of Calgary devices and every Calgary Police Service-issued phone.

**Receive alerts. Share tips.
Join the search.**

Empower your people to add MCSC Rescu to their devices and join a nationwide safety network.

Support coordinated missing persons responses through workplace awareness, technology integrations and internal communications platforms.

Join MCSC's mission through giving, corporate matching, and sponsorship.

RECEIVE MISSING PERSONS ALERTS IN YOUR COMMUNITY

Add the **MCSC Rescu app** to your mobile device in three simple steps. No App Store or Google Play download required. Only priority, police-verified alerts are sent.

01

ACCESS MCSC RESCU

Visit rescu.mcsc.ca to your mobile device or scan the QR code below.

02

ADD MCSC TO YOUR PHONE

iPhone

- Open MCSC Rescu in Safari
- Tap Share in the browser menu
- Select Add to Home Screen

Android

- Open MCSC Rescu in your browser
- Tap the browser menu
- Select Add to Home Screen or Install App

03

REGISTER FOR ALERTS

In the MCSC Rescu app, tap the **bell icon** and enter your information to register for alerts in your area.
